Hi Elaine and Theo,

We are extending the comment period to August 19th. We made the announcement today through our email distribution list and press release. I'm not sure who the point of contact is with EPA on the review but hopefully this information gets to the right person.

Thanks and you can email me directly at Elisa.Carlsen@usace.army.mil

Corps,
Would you please place me on your email list to receive updates regarding the Cormorant DEIS? I would like to know whether or not an extension of the comment period is to be established.
Thank you so much!
